**Best Management Practices (BMP)**

<b>BMP</b>	<b>Description</b>	<b>Minimum Control Measure</b>	<b>Responsible Department</b>
2	Distribute Education Material	1,2	Environmental Services
6	Texas Smartscape	1,2	Engineering Services
7	Pet Waste Management	1,2	Environmental Services
16	Bulk Waste Cleanup	2,3	Environmental Services
17	Household Hazardous Waste Collection Center	2,3	Environmental Services
18	Adopt-a-Park	2,3,6	Parks
20	Storm Sewer System Map	3	GIS
22	Sanitary Sewer Line Maintenance and Inspection	3	Public Works
28	Engineering Design Review	5	Engineering Services
30	Chemical Application and Materials Management	6	Parks, Public Works
32	Street Sweeping	6	Public Works
34	Spill Response	6	Fire

The activities shown are currently being performed within the City. Although these activities are correlated to a minimum control measure, the actions currently being performed are only a portion of what is required. For example a critical element of the SWMP is recordkeeping and reporting. All of these activities need to be documented and records kept, which will be used for annual reporting to and review by the TCEQ. Refer to Appendix A of the SWMP, which is also provided as an attachment for measurable goals and requirements for each activity and associated control measure.
